CHARTER of the “Angels Of the Sun”

Our Aim: The purpose of our NGO is to intervene in the disadvantaged areas of Mauritius and assists families in breaking the cycle of poverty through education and guidance.

Philosophy:

- We have no *political* or *religious* ties.
- We are not affiliated with any financial or media groups.
- Our mission statement is “TODAY’S CHILDREN WILL BECOME THE SOCIETY OF TOMORROW
- We commit ourselves to : promote responsible social and ethical practices; select the beneficiaries on a base of good will, without any discrimination based on race, religion or political orientation; work according to our values; we believe that the underprivileged families who are assisted by the NGO must commit and respect the Charter of Beneficiaries; We believe that the volunteers must respect the personal dignity and rights of the beneficiaries and individuals within the NGO; we have a support committee that funds the salaries and expenses, this committee fulfils its role with impartiality and transparency;. Our aim in the long term is to guide and assist the beneficiary families in building a better future for themselves and their close ones; Out of respect for our donors we will post all financial statements in complete transparency;. Our aim is to be as open and transparent to ensure a long term relationship with our donors.
- Values: respect and loyalty towards our donors, beneficiaries, volunteers and any persons who accompany us in achieving our goals; LOVE of life, happiness for children and other people; to help and assist underprivileged persons; Willingness to do the best for all beneficiaries and guide them in the right direction; HAPPINESS: to work for a good cause with a smile and an attitude that warms the hearts of everyone ; HUMILITY: our generous actions do not give us any special rights whatsoever ; ALTRUISM towards those in need, those who help, those who give; full TRANSPARENCY towards the donors, sponsors, the public , the volunteers and the beneficiary families. The families must be aware that the TODAY’S CHILDREN WILL BECOME THE SOCIETY OF TOMORROW and willingly invest and participate in the projects implemented in their favour. To avoid any misunderstanding it is highly desirable that the NGO beneficiary’s tutors and volunteers can communicate freely. Also, NGOs beneficiary’s tutors and volunteers are each responsible in maintaining the *confidentiality* of all persons involved.
